Leena M

Texas, US | +1 (972) 776-4448 | leenakrishna94@gmail.com

Professional Summary

Senior Consultant with 8+ years of consulting experience and a focus on enterprise network infrastructure, LAN design, secure segmentation, and production delivery. Brings hands-on experience with Cisco IOS, Cisco ACI, Catalyst Center (DNAC), Cisco SDA, and Cisco ISE, applying these technologies to design, implement, troubleshoot, and improve resilient LAN/WAN environments. Skilled in VLANs, routing and switching, wireless networking, firewall technologies, high availability, monitoring, and incident diagnosis. Works across requirements, implementation, validation, maintenance-window readiness, and stakeholder communication to support secure, reliable network services in hybrid enterprise environments.

Technical Skills

Network Platforms: Cisco IOS, Cisco ACI, Catalyst Center (DNAC)

Segmentation and Access: Micro-segmentation, Cisco SDA, Cisco ISE, VLANs

LAN/WAN Engineering: Enterprise LAN/WAN, Routing, Switching, High availability

Wireless and Security: Wireless networking, Firewall technologies, Secure LAN infrastructure

Operations: Network monitoring, Troubleshooting, Incident diagnosis, Maintenance-window readiness

Delivery Practices: Network design, Deployment planning, Change validation, Production support

Professional Experience

Senior Consultant | Elevance Health

February 2026 - Present

Senior Consultant | Optum

October 2024 - February 2026

Consultant | LatentView

June 2022 - August 2024

Consultant | Reylon Softech

June 2018 - June 2022

Education

Master's in Cybersecurity | Saint Louis University

May 2026
